Choosing the Best Fireplace Company for Your Media Wall Fires

An electric fireplace is an easy alternative to traditional gas or wood-burning fireplaces. It doesn't require expensive and fussy installation, wood chopping, or chimney cleaning. It's also clean, safe, and cost-effective to use. And if you want the convenience of an electric fire built around your TV, there are **media wall fires** available these days. They are perfect for living rooms or any space in your home where you want an attractive and functional focal point. Installing a media wall fire is straightforward as it eliminates the need for an extensive remodel to prepare a space for an electric fire and TV.

Evolution Fires offers pre – built Media walls, these media walls come in 2 parts and don't need tradesmen to Install them. The tips below should help and advise you when buying media wall fires.

Go Online

You don't have to look far and wide to find a fireplace company that makes media walls. But there is only one business which makes pre – built media walls and this is Evolution Fires.You can purchase your Pre built media wall online and get it delivered to your door

Ensure extensive experience

When buying a media wall, finding an established and respected business with decades of experience in the hearth industry is necessary. This can increase your confidence in their ability and commitment to craft high-quality electric fires and media walls.

Know the customisation options

A reputable fireplace company may offer **media wall fires**, but can they further customise them to meet specific requirements? For instance with a pre built media wall you can choose between fully finished and paint-ready media walls with or without a soundbar cutout and every one is made around a customers TV size.

Know the ordering process

Choose a fireplace company with a simplified process for ordering **media wall fires** through their website. They should work closely with you to carefully plan the design to ensure that their product will satisfy your needs.
