

1 → Features of HP Officejet 4650

The **HP Officejet 4650** is a reliable and versatile all-in-one printer, perfect for small businesses or home offices. It can print, scan, copy, and fax, making it a convenient choice for users who need multiple functions on one device.

One of the standout features of the Officejet 4650 is its wireless connectivity. It can be easily set up to print from a variety of devices, including laptops, tablets, and smartphones, using Wi-Fi Direct or through a local network. This means you can print from anywhere in your office or home, as long as you have a connection to the printer.

The Officejet 4650 also has a convenient automatic document feeder, which allows you to scan, copy, or fax multiple pages at once. It can hold up to 35 pages, saving you time and effort when you have a lot of documents to process.

In terms of printing quality, Officejet 4650 delivers clear and crisp documents and images. It has a maximum resolution of 4800 x 1200 dpi, which is more than sufficient for most business or personal printing needs. It can also handle a variety of media types, including envelopes, cardstock, and labels.

One potential downside of the Officejet 4650 is its relatively slow printing speed. It can only produce up to 10 pages per minute for black and white documents and 7 pages per minute for colour documents. However, for a small business or home office, this may not be a major issue.

Overall, the HP Officejet 4650 is a reliable and versatile all-in-one printer that is well-suited for small businesses and home offices. Its wireless connectivity and automatic document feeder make it a convenient choice, and its printing quality is more than satisfactory for most needs.

The HP OfficeJet 4650 All-in-One Printer is a lightweight inkjet multifunction printer (MFP) with office features such as fax and automatic document feeder (ADF). The combination doesn't win any accolades for print speed or paper handling, but if you have a home office and need fax capabilities, plus the ability to scan multi-page documents, you'll want the printer. Make it a solid choice. In many ways, the HP OfficeJet 4650 is head-to-head with the Brother MFC-J 70DW. It can also be used as a standalone copier and fax machine. The 100-sheet capacity of a single input tray is one of the key factors that makes it suitable for light office use only.

The HP Officejet 4650 has a few other notable features that may be of interest:
