# PROFESSIONAL ELECTRICIAN SERVICES IN MARRICKVILLE

At Electric Express, we know what it takes to deliver professional electric services, and that is why we are the leading electricians in Marrickville. Our 15+ years of experience means that we are well conversant with the electric codes and regulations. Our staff have also undergone training through the National Electrical and Communications Association (NECA), allowing them to complete advanced electrical work for our clients. We are also certified Level 2 service providers and cover various services like overhead power line connections, power upgrades, and metering.

Electric Express also provides 24/7 emergency services to our customers in Marrickville. As a local and family-owned business, we are always nearby when you need us. We understand that a crisis can happen at any time. As such, relying on your local electrician is a big win for you. Our electricians are here when you need them the most.

# AFFORDABLE ELECTRICIAN IN MARRICKVILLE

Our electricians in Marrickville are experts in almost every electrical need. We can provide electrical maintenance, safety inspection, rewiring, ceiling fan installation, and electrical switchboard installation. At Electric Express, we understand that you encounter electric problems such as frayed wires, hot water problems, and lights working out. One of the easiest ways to avoid these issues is to have an annual review of your electrical system. Our experts at Electric Express are happy and willing to help you prevent problems before they start.

If you require a minor service like ceiling fan installation, we are the team for you. We will begin by recommending the ideal fan for your home and family needs. Fans are an inexpensive method to cool your home in the summer. Switching the blade direction of the fan can also help warm your home during the winter. If you have an air conditioner, you can still install a fan to reduce your power bills. Call us today for ceiling fan installation.

# WHY CHOOSE THE ELECTRICIAN IN MARRICKVILLE?

You will never worry about paying extra for labour, material or customer care when you choose to work with our electrician in Marrickville. We have the experience you can rely on, and we can navigate any of the electrical projects you hire us to do. As a local and family-owned and operated, we know that our friends and neighbours are the ones most likely to call for our help. As such, we strive to provide the best in every project. We are also fully insured, so you can trust that we will take care of your property while working on your job.

Electric Express also offers a lifetime guarantee on our work, so you can rest assured that we will fix your problem the first time. Make sure you read our positive reviews on Google, like the one below, to see how our previous customers are saying about us.

“Fast and effective, same day solution. Nice team to work with. Thanks!” – Tim Johnson.
