# ELECTRICAL TAGGING ADELAIDE

Taylor's Test & Tag is a family owned and operated business that specialises in **electrical tagging Adelaide**. Since 2016, we've extended our service to hundreds of homes and businesses to check the safety and performance of their equipment. Our core service list includes:

- Emergency systems testing
- Safety Switch testing
- Microwave testing
- Computer, laptop and monitor inspections
- Single and 3 phase appliances testing plus more!

At the end of our service, we provide our clients with a comprehensive report and compliance letter for their records. This letter certifies that your workplace has been assessed by qualified tradesmen, and that it meets the Australian OH&S standards.

# ELECTRICAL TEST AND TAG

## ADELAIDE

At Taylors Test & Tag, we can help ensure the safety of your family members or work colleagues with our reliable **electrical test and tag Adelaide** service.

Electrical safety within your home or work place is not a situation to be taken lightly; as a home or commercial business owner, it is imperative that you implement the appropriate steps to ensure that your electrical equipment is regularly tested and tagged.

Our experienced tradesmen are qualified to test a wide range of electrical equipment in any residential, commercial and industrial spaces; from electrical cords to power tools, computers, monitors and laptop chargers, our visual inspection, testing and tagging service will ensure that any and all electrical items are in working order.

# ELECTRICAL TESTING ADELAIDE

When it comes to **electrical testing Adelaide**, there's only one number you need to keep on your fridge—and that's Taylor's Test & Tag. Firstly, we extend our service right across the metropolitan area to ensure everyone has access to safe and reliable workmanship.

We use advanced electrical testing technology to back up our visual inspections, and have the ability to test 3-phase equipment at no extra charge! Additionally, we're qualified for on-the-spot plug top replacements which makes our service even more convenient for businesses.

After we've carried out our comprehensive assessment, we use our clear tagging system to help our customers identify the date, person who serviced their appliance, and the renewal date. All the details are outlined in a free report, and we even issue a compliance letter for your accreditation.
