A Trusted Team for your Extension Project

Thinking about a kitchen and bathroom renovations Adelaide or extension for your home? Creative Home Renovations takes care of the entire process including design, supply of products and materials, and construction. We are an accredited member of Master Builders SA (MBA), Housing Industry Association (HIA), and Kitchen & Bathroom Design Institute (KBDi).

We offer a 10-year builders guarantee and employ a full, licensed team of qualified interior and architectural designers, project management team, qualified builders and site supervisors, and an in-house construction team. This ensures you peace of mind that your project will be built to Australian standards with a superb quality finish.

What do we do?

Creative Home Renovations provide a comprehensive home renovation and extension service. Our approach to any home renovation or home extension project is to start with a design and consultation service. The Design & Consultation Service helps you to plan and design your home renovation before building works commence.

This service considers the needs and requirements of your family to plan and produce a functional, cost-effective and aesthetically pleasing design concept.

Our Design & Consultation Service includes:

- Comprehensive site inspection, measure and consultation
- Conceptual floorplan for proposed home renovation, including specifications of internal and external wall layouts, doors, windows, openings and wet area layouts
- Pinpointing any structural requirements i.e. removing internal walls
- Give an approximate quote for building works subject to product or material availability and choice and any engineering requirements
