Foams and gels

Banish Calluses-

Struggling with calluses on your feet? There are solutions that can remove calluses and leave your skin soft and revived. You should opt for the right foot products that can work wonders in getting rid of dead skin.

Looking for the best brand available in the market? Use CALLUX GEL for smooth and silky feet. This strong gel comes with a strong softening effect, removing stubborn calluses, corns and thickening of the skin. The natural organic acids work efficiently and swiftly. You can experience the result immediately after use. Perfect before peeling.

Foot Masks for an Extra Boost-

Add Foot masks to your foot care routine. It can nourish and transform your foot. However, choosing the right masks can revive tired feet. The beauty market offers a range of foot masks, but a reliable brand brings the best results.

We would recommend CALLUX PRO. It is intended for the most demanding feet and body skin. It offers a feeling of nourishment and intense hydration of the skin. Use it regularly to regenerate the skin and enhance its overall condition. Its effective ingredients make your skin elastic and silky smooth. It comes with the scent of fresh oranges that can soothe your senses. However, you should follow the manufacturer's instructions for proper use.
