Fast, Reliable, High-Quality Windshield Repair and Replacement Shop in Amityville, NY

While windshields protect you and your passengers from weather and debris, they also serve a more important function. Windshields help support your vehicle's roof. In fact, a strong windshield can prevent roof collapse during a roll over accident. Therefore, if your windshield is damaged, it may not effectively support your roof during an accident.

Your windshield or front glass is an integral part of your vehicle's structure, therefore a high quality windshield replacement from Amity Auto Glass is important to the safety of you and your passengers.

Why Choose Amity Auto Glass?
