On the right side, there is a white plastic bottle of Wuerth Engine Flush with a red cap and a label that reads 'WURTH ENGINE FLUSH & CLEANER MOTOR BÜNDIG UND SAUBERER'.

Why Choose Wuerth Engine Flush?

Wuerth Engine Flush is designed to clean and enhance the efficiency of both petrol and diesel engines, whether equipped with a catalytic converter or not. Here's why this product is a must-have for your engine maintenance routine:

- 1. Effective Cleaning:** Wuerth Engine Flush contains surfactants with a powerful detergent action. These agents work diligently to loosen and eliminate abrasive deposits from the engine, including black sludge and residues that can impair engine performance.
- 2. Prevents Engine Wear:** Over time, engines can accumulate sludge and deposits that contribute to wear and tear. The flushing action cleans out these deposits, which helps prevent issues such as hydraulic tappets chatter and sticking piston rings. This maintenance helps ensure smooth engine operation and extends its lifespan.
- 3. Enhanced Oil Efficiency:** By cleaning out the engine's internal components, Wuerth Engine Flush ensures that new oil remains effective and clean longer. This efficiency reduces the frequency of oil changes and enhances the overall performance of the engine.

4. **Increased Oil Volume:** After using the engine flush, you may notice an increase in the amount of old oil that drains out. This is due to the thinning effect of the flush, which helps remove all contaminated and dangerous oil from the engine, ensuring a thorough cleanup.
5. **Versatility:** Suitable for all types of mineral and synthetic engine oils, Wuerth Engine Flush is versatile and effective for various engine types, making it a valuable addition to any vehicle maintenance routine.

Benefits of Wuerth Engine Flush

Wuerth Engine Flush is designed to clean and maintain both petrol and diesel engines, whether or not they have a catalytic converter. It is particularly effective if your engine is showing signs of black sludge, hydraulic tappets chatter, overdue oil changes, or a loss of compression due to sticking piston rings.

Here's why Wuerth Engine Flush is a top choice:

1. **Powerful Cleaning Action:** The flush contains surfactants with a strong detergent action that effectively loosens and removes abrasive deposits from the engine. This thorough cleaning helps to keep the oil galleries and oil sump clear of contaminants.
2. **Extended Oil Life:** By removing dirt and deposits, Wuerth Engine Flush ensures that the new oil remains effective and clean for a longer period. This reduces the frequency of oil changes and improves the overall efficiency of the engine.
3. **Improved Engine Performance:** A clean engine operates more smoothly and efficiently. Removing residual abrasive deposits prevents potential damage and helps maintain optimal engine performance.
4. **Increased Oil Volume:** After using the engine flush, you may notice an increase in the volume of oil when draining the old oil. This is due to the thinning effect of the flush, which ensures that old, contaminated oil is fully removed.

How to Use Wuerth Engine Flush

Using Wuerth Engine Flush is straightforward and can be done in a few simple steps:

1. **Check Oil Level and Warm Up Engine:** Before applying the engine flush, make sure the oil level is within the normal operating range. Warm up the engine to ensure that the flush can circulate effectively.
2. **Add the Engine Flush:** Pour the entire contents of one bottle of Wuerth Engine Flush into the engine oil.
3. **Run the Engine:** Start the engine and let it run for about 10 minutes. This allows the flush to mix thoroughly with the engine oil and clean the internal components.
4. **Change Oil and Filter:** Immediately after running the engine with the flush, drain the old oil and replace the oil filter. This step is crucial to remove all the contaminants loosened by the flush.
5. **Quantity:** For engines with 3 to 6 liters of oil, 250ml of Wuerth Engine Flush is usually sufficient. To guarantee efficient cleaning, abide by the dose recommendations.

Where to Buy Wuerth Engine Flush Online
