ABOUT US

Since 2020, the idea of manufacturing and marketing natural cosmetic and skincare products has been taking its place in the business world. The innovative idea was inspired by the experienced pharmacist Mona Wild Ali, who holds a master's degree in Business Administration. As a mother of four, she seeks to provide a safe and healthy alternative to skin and hair care using natural ingredients. The pharmacist develops cosmetic products free of harmful chemicals, focusing on providing natural solutions that suit all family members, especially children.
