1. Dover is a Great Place to Learn

Dover is a busy town with lots of lorries coming in and out every day. It's the best place to learn because you'll get to drive on real roads with real traffic. That means you'll be ready for the job from day one.

2. Our Trainers Are Friendly and Helpful

Our teachers are nice and easy to talk to. They have driven lorries for many years and know how to teach in a simple way. No shouting. No pressure. Just support.

3. You'll Learn in a Clean and Easy-to-Drive Truck

We don't use old or broken trucks. You will learn in clean, new lorries that are easy to drive and safe. You'll feel good behind the wheel.

4. We Work Around Your Life

Have a job? Need to look after your kids? No problem. We have training at times that suit you. You can learn during the week, weekends, or even finish quickly with our fast-track course.

5. Small Classes, Big Help

You won't be in a big group. We keep it small so you get lots of help. You can ask questions, take your time, and feel relaxed.

6. High Pass Rate — Many People Pass First Time

Most of our students pass their test the first time. That's because we teach step-by-step in a way that's easy to understand. You'll feel ready when it's time to take the test.

7. We Help You Find a Job

After you pass your HGV Class 1 training in Dover, we help you get work. We help you write your CV and tell you where to look for lorry driver jobs.

8. Simple Prices – No Hidden Costs

We don't hide any costs. What you see is what you pay. Our prices are fair and clear, with no surprise charges.
