ABOUT US

Our journey began with the struggle to find effective deodorants. Frustrated by synthetic fragrances, aluminum, and poor odor control, we decided to create our own. After extensive testing and research, we perfected Botanica. Initially shared with family and friends, its popularity grew, leading us to offer it to a wider audience. We aimed to create a product that instills confidence every day, no matter the situation. Order now to experience it for yourself!

BOTANICA NATURAL DEODORANT

Botanica Natural Deodorant General Trading - L.L.C. makes natural deodorants that are suitable for the whole family, even sensitive skins. Fully formulated without aluminum, parabens, alcohol. Effective protection against odors without compromising on your health. At first it was a product only used by our families and friends, until the demand started growing and the idea of sharing it with everyone started. We came a long way and did our best to make a product that is enjoyed by most people and this might be for you too! Order now and feel confident every day, no matter how sweaty things can get.
