Purpose-Built for Excellence

Traditional covers may falter under harsh conditions, leading to a compromise in fire safety readiness. FSP Oz Products' hose reel covers are manufactured from durable, UV-stable plastic, making them resistant to sunlight, dirt, and corrosion. These covers ensure that your fire safety equipment is always protected, whether used indoors or outdoors.

Benefits That Set FSP Oz Products Apart

- **Weather and UV Resistance:** Designed to endure Australia's challenging weather conditions, the covers prevent damage from sunlight, rain, or dust.
- **Ergonomic Design:** Engineered to eliminate folding issues seen in canvas or metal covers, the cover offers seamless access when speed matters most.
- **Versatile Applications:** Suitable for commercial buildings, hospitals, manufacturing units, schools, and even marine environments.

FSP Oz Products is a trusted name in heavy-duty plastic solutions, with a proven commitment to quality and innovation. Our hose reel covers are backed by a 15-year warranty, ensuring long-term reliability and peace of mind.
